

# INDEX.

TO VOL. XLII (VOL. XVIII, THIRD SERIES) OF THE AMERICAN  
JOURNAL OF PHARMACY.

Accident in distilling ether.....	512
Acetic acid, assay of commercial.....	273
Acetic acid, phosphate of lime in.....	389
Aconite alkaloids.....	397
Aconite poisoning.....	179
Action of chlorine on absolute alcohol in direct sunlight.....	466
Action of direct sunlight on iodide of potassium.....	80
Action of sunlight on sulphurous acid.....	352
Active principle of catalpa bignonioides.....	204
Adirondaek mineral springs.....	66
Adulterated saffron.....	218, 390
Adulteration of saffron.....	318, 532
Adulteration of sulphuric acid.....	217
Adulteration of cochineal.....	220
<i>Agnew Ernest</i> , medicinal drageés and granules.....	270
Agoniada and agoniadin.....	470
Alkaloids of the genus aconitum.....	233
Almonds, fixed oil of.....	408
Alumni Association of the Philadelphia College of Pharmacy.....	183, 474
Alumni Association of the Massachusetts College of Pharmacy.....	415
Ambrosine, a new fossil resin.....	374
American Chemist, the.....	478
American Pharmaceutical Association, minutes of.....	481
Ammonia gunpowder.....	432
Amount of arsenic in the phosphorus of commerce.....	507
Anæsthesia by methyl-ethyl ether.....	333
Ancient use of odoriferous plants.....	557
Angelic converted into valerianic acid.....	467
Annual report of the Board of Regents of the Smithsonian Institution...	89
Annual report of the Surgeon General of the U. S. Army.....	91
Annual address, President Sargent's.....	485
<i>Annuaire de therapeutique de Bouchardat</i> .....	287
Apparatus for chlorine water.....	218
Apparatus for evaporation under reduced pressure.....	349
Apprenticeship and early training of pharmacists.....	543
<i>Aqua chlorinii extemp</i> .....	207
<i>Archibald Henry C.</i> , on Campbell's process for fluid extracts.....	117
"    "    on granular citrate of magnesia.....	231

Archives of ophthalmology and otology.....	286, 478
Aromatic glycerate of rhubarb.....	142
Arsenic in the soda of commerce.....	79
Arsenic and antimony tested in the moist way.....	79
Artificial flake manna.....	348
Artificial refrigerators.....	479
Arts, The, devoted to science and the arts.....	286
Ashy crown bark of Venezuela.....	449
Assay of a pure American opium.....	124
Assay of commercial acetic acid.....	273
Asparagus berries, analysis of.....	370
Attfield's saturation tables.....	382
Balata.....	178
Balsam of Peru.....	404
Bartlett N. Gray, on ferri et strychniæ citras.....	251
Bateman T. H., on unguentum sabinæ.....	433
Batley, Dr. Robert, on sulphate of lime in tr. chloride of iron.....	207
Baudrimont Ernest, on the use of tin foil for preserving substances liable to change by exposure to air.....	434
Bees wax, purity of.....	536
Behavior of narcein to iodine.....	221
Behavior of ferrose-ferric oxide to saline solutions.....	402
Bell, John, M.D., on Adirondack mineral spring.....	66
Bell, James, on fermentation.....	443
Bellis perennis.....	320
Benger, F. Baden, on the apprenticeship and early training of pharma- ceutists.....	543
Benzoic acid and gum benzoin.....	369, 406
Betts' metallic capsules.....	477
Biltz, E. C. A., on decomposition of chloroform.....	409
Bisulphide of carbon in pharmacy.....	246
Bisulphide of carbon on wood, effects of.....	461
Black varnish for iron work.....	469
Bocking Edmund, on trichina spiralis.....	213
Boetger, Dr. R., process for producing a bright coating of platinum on glass.....	328
Bond, H. Treverton, on glyceratus a substitute for syrup.....	177
"    "    on aromatic glycerate of rhubarb.....	142
Bower, Henry A., unguentum hydrargiri oxidi rubri.....	302
Braithwaite's retrospect of medicine.....	190, 479
British Pharm. Conference Meeting, at Liverpool.....	571
Brown hair dye.....	227
Bromide of potassium, purification of.....	174
Bromine, production of.....	427
Bruckner, Wm. H., on phosphate of lime in acetic acid.....	389
Bullock, Charles, death resulting from an overdose of strychnia.....	309

<i>Caldwell, A</i> , on the percentage system.....	312
Campbell's method of percolation .....	17
Campbell's process for fluid extracts.....	17, 29, 62
<i>Campbell Samuel</i> , on a supplement to Campbell's method of percolation, etc.....	17
Camphoration of blisters.....	511
<i>Candidus, P. C.</i> , on compound elixir of taraxacum.....	71
Cantharidal collodion.....	116
Cantharidate of potassa.....	240
Careless reporting of the Pharmacopœical Convention by Medical Journals	377
<i>Castelholz, M.</i> , on the preparation of bromide of sodium.....	379
Case of alleged aconite poisoning in San Francisco.....	179
Carré's apparatus for making ice.....	102
Catalogue of the Class of the Philadelphia College of Pharmacy.....	94
Catalpa bignonioides, its active principle.....	204
Cell doctrine, its history and present state.....	486
Cement for knife handles.....	469
Chalk mixture.....	191, 393
Chandler, C. F., report on poisonous hair dyes and cosmetics.....	362
<i>Chandler, W. H.</i> , on the production of iodine and bromine.....	427
Chemical composition of gelsemium.....	1
Chemical constitution of asparagus berries.....	370
Chemical mask.....	283
Chemists and druggists' almanac.....	190
Chemical examination of condensed milk.....	457
Chemist and Druggist, London.....	474
Chicago School of Pharmacy.....	281
Chinese Pharmacy in New York.....	380
Chloral.....	73, 455
Chloral, preparation of hydrate of.....	177
Chloral, on a new.....	371
Chloral hydrate.....	237
Chloral hydrate, percolation of.....	405
Chlorinated lime, keeping of.....	299
Chlorodyne.....	263
Chlorodyne, composition of.....	437
Chloroform, its decomposition.....	409
Chloroform, new chapter in the history of.....	572
Chloroform, new vehicle for.....	561
Chromium, preparation and use of hydrated oxide of.....	113
Chrysophanic acid.....	355
<i>Church, Arthur H.</i> , on cyclopic acid, &c.....	460
Cincho-quinine.....	343
Cinchona barks from Java.....	401
Cinchona barks, assay of.....	372
<i>Cloes, M.</i> , rendering commercial sulphide of carbon inodorous.....	159
<i>Clausen, E.</i> , on vaccinin.....	297

<i>Clarke, C. B.</i> , report on cinchona culture in Bengal.....	422
Cod liver oil.....	214
Cod liver cream....	247
Codamine.....	395
Collodion.....	114, 145
Coffee, roasting of.....	431
Collodion cotton.....	116
Collodion paper.....	116
Cold cream.....	63
Color test for strychnia, most delicate.....	385
Compound solution of opium.....	33
Compound elixir of opium.....	71
Composition of chlorodyne.....	437
Condensed milk.....	457
Contributions to the knowledge of gelsemium.....	1
Contributions to the study of veratrum viride.....	91
Constitution and code of ethics of the Philadelphia Coll. Pharm.....	92
Coniferin.....	220
Congress of colleges of pharmacy in relation to education.....	281
Convention for the fifth decennial revision of the U. S. Pharmacopœia...	289
Conia in hemlock fruit .....	404
Constituents of ergot, on some.....	143
<i>Contat, M.</i> , on the manufacture of sulphuret of carbon.....	157
Conversion of angelic into valerianic acid....	467
Co-operative trading applied to medicine and pharmacy.....	477
Cubebs, examination of .....	222
Cultivation of cinchona plants under glass in England.....	257
Cultivation of cinchona in Mexico.....	542
Cultivation of saffron in France.....	373
Cultivation of ipecacuanha in India.....	436
Culture and diseases of the silkworm.....	462
Crystallization of sulphocarbolate of quinine.....	506
Cureumin.....	466
Cyclopædia of quantitative chemical analysis.....	382, 574
Cyclopic acid.....	460
Cyclopia vogelii.....	460
<i>Davies, Edward</i> , on the purity of yellow bees wax.....	536
Death resulting from an overdose of strychnia .....	309
Decomposition of oxalic acid in aqueous solution.....	318
Decomposition of chloroform.....	409
<i>Delpech, E.</i> , on the vesicating action of cantharidate of potassa.....	240
Detection of copper arsenic colors.....	217
Detection of alcohol by iodoform.....	399
Detection of alcohol in chloroform and chloral hydrate.....	399
Dextrine, purification of.....	327
Digitalis, time for its collection.....	221
Dispensatory of the United States, 13th edition.....	284

n of nitrogen compounds in <i>hyoscyamus niger</i> and <i>alba</i> at different stages of development.....	323
Disinfecting solution of carbolic acid.....	511
<i>Donovan, M.</i> , on the employment of medicinal hydrocyanic acid.....	345
<i>Dosch, Benton G.</i> , on pumpkin seeds.....	200
Double sulphide of potassium and iron.....	447
<i>Dowse, Thomas Stretch, M.D.</i> , on the composition of chlorodyne.....	437
Drug business in Sweden.....	22
<i>Dumaine Claude</i> , cutch from acacia catechu.....	464
<i>Ebert, Albert E.</i> , Pharmaceutical notes.....	540
Editorial department.....	81, 179, 280, 376, 471, 568
<i>Edward, S. Baker, Ph.D.</i> , on pharmacy in Canada.....	159
Effects of opium and its alkaloids.....	188
Effects of bisulphide of carbon on wood.....	461
Employment of bisulphide of carbon in pharmacy.....	246
Employment of medicinal hydrocyanic acid.....	345
English commercial soda test.....	447
Ergot, on some of the constituents of.....	143
Errata.....	284
Estimation of iodine.....	321
Essence of sassafras.....	176
Evaporation to dryness.....	208
Estimation of the value of cinchona barks.....	372
Eucalyptus oil.....	465
Examination of commercial sulphuric and hydrochloric acids for arsenic.....	400
Examination of cubeb.....	222
Excipients for pills.....	208
Exhibition of chemicals, drugs, etc., at Baltimore.....	568
Extemporaneous dropping machine.....	300
Extract of meat.....	320
Extract of <i>physostigma venenosum</i> .....	321
Female students.....	470
Fermentation.....	443
<i>Ferri et strychnia citras</i> .....	251
Filtered air.....	359
Fixed oil of almonds.....	408
Flake manna, artificial.....	348
<i>Flückiger, Dr. F. A.</i> , on the rhatany root of <i>Para</i> .....	329
“ “ purification of chloral hydrate.....	405
“ “ alkaloids of the genus <i>aconitum</i> .....	233, 397
“ “ notice of.....	474
Fluid extracts, preparation of.....	150
Fluid extracts, <i>Campbell's</i> process for.....	17, 29, 62
Fluid extracts, remarks on.....	337
French justice.....	284
Frothy syrups.....	209

Gelseminic acid.....	2
Gelseminin.....	9
Gleanings from the German journals.....	217, 318, 394, 401
Gleanings from the French journals.....	509
Glucose.....	410
Glycerin lotion.....	69
Glycerin and sawdust, are they spontaneously combustible?.....	86
Glyceratus, a substitute for simple syrup.....	177
Glyceratus rhei aromaticus.....	142
Glyconine.....	155
Granular citrate of magnesia.....	231
Grimaux and Ruotte on essence of sassafras.....	176
Guarana.....	558
Guy, T. Omar, on sulphocarbolic acid and the sulphocarbulates.....	209
Guyot, P., on the palm oils of commerce.....	459
Hager, Dr. H., on zinc sulphophenate.....	136
“ “ on purification of dextrine.....	327
“ “ on fixed oil of almonds.....	408
Hair dyes, report on.....	362
Half-yearly abstract of the medical sciences.....	479
Half-yearly compendium of medical science.....	479
Hanbury, Daniel, F.R.S., historical notes on manna.....	162
“ “ “ on a species of ipomea yielding Tampico jalap.....	330
“ “ “ on the adulteration of saffron.....	532
Heisch, Dr., on organic matter in water.....	446
Herrmann, J. Carl, on some constituents of ergot.....	143
Hesse, O., contribution to the knowledge of the opium alkaloids.....	394
Higgins, S. B., on snake poison and its antidote.....	454
Hirsh, Joseph, on glyconin.....	155
Histed, Edward, on artificial flake manna.....	349
Hodgen, John T., M.D., on a simple and cheap substitute for the stomach pump.....	458
Hoffman, Dr. Fred., gleanings from German journals.....	394
Hood, John W., notes on the cultivation of the poppy in Australia.....	550
Honey of rhatany root.....	512
Howard, John Eliot, on cinchona culture in England under glass.....	257
Honors to Parisian chemists.....	284
Hübner, Franz, on bitter almond water.....	239
Hybridization of cinchonæ.....	467
Hydrate of chloral.....	177, 381
Hydrocyanic acid, medicinal.....	345
Illuminating gas from petroleum.....	326
Illustrations of the genus cinchona, by Dr. Mutis.....	477
Influence of ammonia on gualac paper.....	322
Impurity in tincture of chloride of iron.....	107
Influence of sugar on magnesia used as an antidote.....	510

Iodide of potassium, action of sunlight on.....	80
Iodine, production of.....	427
Iodoform as a means to detect alcohol.....	398
Ipecacuanha, syrup of.....	127
Ipecacuanha, its cultivation in India.....	436
Iron and hydrogen... ..	560
Jalap, plant yielding Tampico.....	330
Jewish physicians in Rome.....	470
Joint action of medical and pharmaceutical committees on the drug law..	82
Joy, Prof. Charles A., on chloral.....	73
“ “ on glucose.....	410

<i>Schering, E.</i> , on chloral hydrate.....	237
Schools of pharmacy.....	377
<i>Schmidt, E. A.</i> , examination of cubebs.....	222
<i>Schneider, F.</i> , on the time for collecting the leaves of digitalis.....	221
Scientific solree of the Academy of Natural Sciences.....	378
<i>Simpson's</i> reply to Dr. Bigelow, Dr.....	381

Smith, Nathaniel, on liniment of iodide of potassium.....	245
Smith, Edward, F.C.S., on chlorodyne.....	263
Snake poison and its antidote.....	452
Soap, analysis of.....	353
Soda of commerce, arsenic in the.....	70
Solutions of opium, titrated.....	139
Solubility of sulphates in sulphuric acid.....	319
Solubility of some chemicals in glycerin.....	222
Species of ipomœa yielding Tampico jalap.....	330
Sperlich, A., on balata .....	178
Spirit of nitrous ether, reaction between bicarb. potassa and .....	106
Squibb, Dr. Edward R., on liquor opii composita.....	33
Stadeler, M., on the preparation of hydrate of chloral.....	177
Stein, W., behavior of narcein to iodine.....	221
Stomach pump, simple and cheap substitute for.....	558
Strehl, Louis, light sulphate of quinine, a fraud.....	249
Streit and Franz, action of chlorine on absolute alcohol in direct sunlight .....	466
Strychnia as an antidote to chloral.....	348
Strychnia, overdose of.....	309
Strychnia, color test for.....	385
Subacetate of lead by cold process.....	467
Sulphate of lime in tincture of chloride of iron.....	204
Sulphocarbolic acid.....	131, 209
Sulphocarbonate of soda.....	134, 211
Sulphocarbonate of zinc.....	135, 508
Sulphocarbonate of lead.....	135
Sulphocarbonate of quinia .....	136, 506
Sulphocarbonate of lime.....	136
Sulphur, note on adulteration of.....	532, 390
Sulphur deposit, a new .....	430
Sulphurous acid, action of sunlight on.....	352
Supplement to Campbell's method of percolation.....	17
Suppositories, on .....	197
Sulphide of carbon, manufacture of.....	157
Syrup of bromide of iron.....	31
Syrup of hypophosphite of iron.....	32
Syrup of ipecacuanha.....	127
Syrup of orange flowers.....	196
Syrup of senega.....	229, 302, 203
Syrup of citric acid .....	509
Syrupus toltanus.....	504
Syrupus zingiberis.....	505
Taraxacum, compound elixir of.....	71
Tannin from the European alder.....	403
Tartar emetic an anthelmintic.....	505
Taylor, Alfred B., on fluid extracts.....	150
Tea, culture of in Tennessee.....	468
Technical analysis of soap.....	353

Test for alcohol.....	176
Test for chloral alcoholate. . . . .	319
Testing antimony for arsenic by the moist way.....	79
Tetrabromide of carbon.....	449
Thebain.....	395
Thebanin.....	395
Thebaicine.....	395
Thompson, William Silver, pharmaceutical notes.....	30
"                    "                    on collodion and cantharidal collodion.....	114
Thorey, Ernest, on the distribution of nitrogen compounds in hyoscyamus in different stages of growth.....	323
The Medical Times, of Philadelphia....	573
Time for collecting the leaves of digitalis.....	221
Tincture of chloride of iron, impurity in.....	107
Tinctura opii camphorata.....	61
Tinctura nucis vomice.....	298
Tinctura cinchonæ composita.....	393
Tin foil containing lead.....	402
Tin foil, protection of substances from change by.....	434
Tissandier, M. Gaston, assay of commercial acetic acid.....	273
"                    "                    technical analysis of soap.....	353
Trichina spiralis.....	213
Tyndall, Prof., on filtered air.....	359
Unguentum refrigerans, Galenus.....	64
Unguentum hydrargyri oxidi rubri.....	302
Unguentum sabine.....	433
University of Michigan.....	85
University of Pennsylvania.....	476
University of Gottingen.....	476
Use of tin foil for preserving substances from the air.....	434
Vaccinin.....	297
Vallet's protocarbonate of iron.....	30
Van Sweringen, Hiram, on our next Pharmacopœia.....	110
Vehicle for the internal administration of chloroform.....	561
Venezuela crown bark.....	449
Vesicating action of cantharidate of potassa.....	240
Vogl, Dr. A. E., estimation of the value of various cinchona barks.....	372
Volatile acids of croton oil.....	319
Wax milk.....	562
Weeds of western peppermint plantations.....	121
Wenzell, William T., on cinchoquinine.....	342
"                    "                    on the most delicate color test for strychnia.....	385
Wharton, J. C., on an impurity in tr. chloride of iron.....	107
White cinchona bark from Payta.....	470
West Virginia Pharmaceutical Association.....	380
Wiegand T. S., pills and excipients for them.....	195
Wood, C. H., F.C.S., preparation of soap for soap liniment.....	268
Wormley, Dr. T. G., a contribution to our knowledge of the chemical composition of gelseminium.....	1
Wright, Samuel P., on suppositories.....	197
Yield of extracts.....	404
Yellow bees wax, purity of.....	536
Zinc sulphophenate.....	136
Zwick, G. A., on titrated solutions of opium.....	13
